

# Cable Laying Services

**Gansan IT Technologies** provides cabling installation services for commercial, educational, and industrial clients throughout Maharashtra. Our network of contractors service voice, video, and data networks in environments ranging from small local businesses to learning institutions to large industrial facilities.

Our experts handle every aspect of network deployment, from the design and installation of a completely new network to simply extending a demarc to an existing network. Gansan IT specializes in providing technology solutions in a way that simplifies the process.

## Services Include:

**Cabling Site Surveys** – Site surveys isolate numerous variables that you may not be aware of and help minimize surprises during actual installation. Accurate site surveys can help you determine the feasibility of an installation, budgetary constraints, and whether specialty tools or supplies are required.

**Demarc Extension Services**– A demarc extension is the process of connecting your organization's network to a data line – such as a T1, DSL, or POTS provided by the telephone company or another vendor. GANSAN IT professionals has experiencing performing demarc extensions in many environments including warehouses, offices, schools, shopping malls, and high-rise buildings.

**Network Wiring Testing** – Wiring infrastructure is the foundation for every network. Our services include testing and certification of new or existing copper or fiber networks.

**Structured Cabling Installation** – Our structured cabling services can plan, design, install, maintain, troubleshoot, and upgrade any size network. From 1 to 1,000 drops GANSAN IT network of technicians is ready to go to work for you.

**Wi-Fi Network Installation** – GANSAN IT offers full service wireless network

implementation . We can design, plan, and install your network from start to finish. Each wireless solution is custom designed to meet the challenges and needs of your location.

Full blow consultation for cost reduction and uptime - job also can be taken.
